2012 Net Impact Conference Track Advisor Application

Position Description:
Track advisors support the development of the conference program, specializing in a thematic session track. They offer advice and input to Net Impact conference staff, helping to ensure that each track contains cutting edge, relevant and comprehensive content and engages the best speakers from diverse backgrounds. Net Impact will select one advisor per track.

Responsibilities
- Discuss vision for the track with Net Impact Central
- Review session proposals for the track and recommend which to accept
- Brainstorm, solicit, and help develop ideas for interactive sessions (if needed after RFP process)
- Help identify session managers for needed topics (if needed after RFP process)
- Help identify great speakers for sessions in development
- Provide other track design input and expertise as needed in response to session developments

Qualifications
Track advisors should have relevant professional and/or academic experience in the subject. Track advisors who plan to be involved in the conference in other ways (as a task force leader or member, and/or as a session manager) are welcome.

Tracks
- Energy & Clean Tech
- Entrepreneurship & SMEs
- Environmental Sustainability & Natural Resources
- Finance & Investing
- International Development
- Social Innovation
- Urban Revitalization & Community Development

Time Commitment
We estimate track advising to require approximately 15-20 hours total, primarily from March to July. Depending on the track, its progress, and the quality of proposals, there may be significant opportunity for more engagement.
**Spring 2012 Timeline**

- **March 12th** Track advisor applications due (NOTE: deadline one week earlier than other applications)
- **March 16th** Track advisors selected
- **March 19-29** Review RFPs and make recommendations
- **Ongoing** Other duties and input, as needed

**Benefits**

The track advisor will receive complementary admission to the conference.
